NEIGHBOURHOOD WATCH

The first official Neighbourhood Watch meeting for The Heights will be held on Tuesday 12 February 2019 in the Central Park.

It's important for as many residents as possible to attend to ensure the initiative is a success. It's also a great opportunity to meet your neighbours and ask

questions of the Queensland Police Service representative who will assist you in launching this great community program.

Neighbourhood Watch strengthens community ties and provides a vital link between the Police and residents. Let's work together to stay connected.
